Eli's Florentine Honey Almond Bar Wins a FABI 2018 Award presented by the National Restaurant Association Restaurant, Hotel-Motel Show®

The Eli's Cheesecake Company of Chicago is honored to receive a FABI 2018 Award presented by the National Restaurant Association Restaurant, Hotel-Motel Show® for one of Eli's newest desserts: Florentine Honey Almond Bar. FABI Awards recognize innovation in food and beverage products that make an impact on the restaurant industry. Eli's Honey Almond Bar is handmade with the finest ingredients like wildflower honey and a honey glaze made from scratch. Baked on our signature all-butter shortbread cookie crust, the bars are pre-cut for an easy-to-plate dessert. The bars ship frozen, and are best served at room temperature.

Florentine Honey Almond Bar

Handmade in small batches, this decadent, chef-created bar is the perfect combination of textures. Sliced almonds are drenched in a housemade honey glaze and baked on Eli's signature all-butter shortbread cookie crust. Eli's honey is harvested by students from The Chicago High School for Agricultural Sciences, one of the only urban agricultural high schools in the country. Proceeds from honey sales go toward college scholarships for deserving high school seniors.

Quarter Tray / 48 cut (1" x 1") / 4 pack / 34.5 oz.

Eli's Cheesecake was created by restaurateur Eli Schulman as the signature dessert at his legendary steakhouse, Eli's The Place For Steak. It was in his restaurant's kitchen that he invented his name sake Chicago Style cheesecake. Celebrating its 38th anniversary this year, Eli's, a family-owned business, prides itself in baking in small batches, hand decorating, using the finest ingredients and slow-cultured dairy, and supporting regional farms and suppliers whenever possible. The company has expanded its baking lineup to include tarts, pies, layer cakes, bars and other delicious desserts.
